

Day 1: Tuesday, November 12th, 2019

08:00 - 17:00	Registration & Badge Retrieval Mövenpick Ambassador Hotel Accra
09:00 - 11:00	Pre-Conference Symposium RSV Epidemiology/Surveillance Symposium Sponsored by AstraZeneca and Sanofi
14:00 - 14:30	Conference Opening Session Louis Bont and Leyla Kragten-Tabatabaie, The ReSViNET Foundation Keynote Lecture Rebecca Akufo-Addo, First Lady of Ghana/ The Rebecca Foundation
14:30 - 15:00	Opening Lecture Kate O'Brien
Session I: Burden of RSV Disease and Mortality Beate Kampmann and TBD	
15:00 - 15:10	Session Introduction: Identifying Gaps and Aims of Session Beate Kampmann
15:10 - 15:25	Clinical Impact of RSV in Ghana Bamenla Goka, University of Ghana
15:25 - 15:40	RESCEU Study; RSV Disease Burden and Economic Impact Harish Nair
15:40 - 15:55	RSV Mortality Study in Zambia Lawrence Mwananyanda
15:55 - 16:10	RSV Mortality Study in India Ashish Satav
16:10 - 16:25	RSV Mortality Study in Argentina Mauricio Caballero
16:25 - 16:40	Interactive Panel Discussion with the Speakers
Early Career Researchers' Tournament	
16:40 - 16:45	Introduction Early Career Researchers' Tournament Yvette Löwensteyn
16:45 - 17:45	Early Career Researchers' Presentation: 4 Talks (10 min presentation + 5 min Q&A per talk) Selection of 4 Best Scored Abstracts
Early Career Researchers' Master Class	
18:00 - 19:30	Early Career Researchers' Master Class - "A Career in Global Health" Dr. Niteen Wairagkar

	Mövenpick Ambassador Hotel, Meeting Room 3
18:00 – 19:30	Early Career Researchers' Master Class - "How to Get Published?" Prof. Dr. Diederick E. Grobbee, Professor of Clinical Epidemiology, UMC Utrecht Mövenpick Ambassador Hotel, Meeting Room 4
Welcome Reception	
20:00 - 22:00	Welcome Drinks & Bites Movenpick Ambassador Hotel Accra at Poolside Piazza

Day 2: Wednesday, November 13th, 2019

Session II: Latest Developments in RSV Molecular Virology

Barney Graham And **TBD**

08:50 - 09:00	Session Introduction: Identifying Gaps and Aims of Session Barney Graham
09:00 - 09:20	RSV NS2 and M2-2 deletion mutants: efforts to optimize the infant RSV immune response through rational vaccine design Ruth Karron
09:20 - 09:40	RSV or HMPV Jason McLellan
09:40 - 10:00	Molecular Features Behind the Drastic Difference in the Antibody Response Against the F Protein of RSV and HMPV Vicente Mas Lloret
10:00 - 10:30	Interactive Panel Discussion with the Speakers

Refreshments / Poster Break

10:30 - 11:30	Refreshments/Poster Break Pre-Function Area
---------------	---

Session III: RSV Immunology - Identification of Novel Therapeutic Targets

Tracy Ruckwardt and **TBD**

11:30 - 11:40	Session Introduction: Identifying Gaps and Aims of Session Tracy Ruckwardt
11:40 - 12:00	Viral-Bacterial Interactions; Impact on Clinical Outcomes Asun Mejias
12:00 - 12:20	Immunological Protection at Different Stages of Infection Peter Openshaw
12:20 - 12:40	TBD TBD
12:40 - 13:00	Interactive Panel Discussion with the Speakers

Lunch

13:00 - 14:30	Lunch Buffet Mövenpick Ambassador Hotel at Poolside Terrace
---------------	---

Session IV: Clinical Advancements of RSV Prevention

Marta Nunes and **TBD**

14:30 - 14:40	Session Introduction: Identifying Gaps and Aims of Session Marta Nunes
14:40 - 15:00	Update on DS-Cav1 RSV Prefusion F Phase I Clinical Trial

	Barney Graham, NIAID
15:00 - 15:20	Ph1 Outcomes of Sendai Virus Vectored RSV Vaccine Julia Hurwitz, St. Jude Hospital
15:20 - 15:40	Ph1 Outcomes of BCG/RSV Vaccine Alexis Kalergis, Pontificia Universidad Catolica de Chile
15:40 - 16:00	Interactive Panel Discussion with the Speakers
Refreshments / Poster Break	
16:00 - 17:00	Refreshments/Poster Break Pre-Function Area
Session V: Clinical Advancements of RSV Treatment	
Octavio Ramilo and TBD	
17:00 - 17:30	Session Introduction: Identifying Gaps and Aims of Session Challenges for RSV Antivirals Octavio Ramilo
17:30 - 17:50	Treatment of RSV Infection in the Healthy and Immunocompromised Host Janet Englund
17:50 - 18:10	Personalized Medicine for RSV Infection? Fernando Polack
18:10 - 18:30	Supportive Clinical Care for Severe RSV Disease Steve Cunningham
18:30 - 18:45	Interactive Panel Discussion with the Speakers
Beachfront Dinner	
19:30	Shuttle Bus Pick-Up Mövenpick Ambassador Hotel, Main Entrance
20:00 - 23:00	Beachfront Dinner Labadi Beach Hotel
23:00 - 23:30	Shuttle Bus Drop-Off

Day 3: Thursday, November 14th, 2019
Session VI: Status of RSV Therapeutics - Part 1 (Companies)

Deb Higgins and TBD

08:30 - 08:45	Session Introduction: Identifying Gaps and Aims of Session Deb Higgins
08:45 - 09:30	Company 1: Ph3 Outcomes of the Novavax RSV F Maternal Vaccine and related Ph3 outcomes Greg Glenn
09:30 - 09:45	Q & A

Refreshments / Poster Break

09:45 - 11:00	Refreshments/Poster Break Pre-Function Area
---------------	---

Session VI: Status of RSV Therapeutics - Part 2 (Companies)

Deb Higgins and TBD

11:00 - 11:15	Company 4: Ph2b outcomes of the Ablynx ALX-0171 nanobody for RSV treatment TBA
11:15 - 11:30	Company 5: Ph2b Outcomes of the MedImmune MEDI8897 RSV mAb TBA
11:30 - 11:45	Company 6: Ph1 Outcomes of the Beijing Advaccine Biotech RSV G Protein Vaccine TBA
11:45 - 12:00	Q & A

Session VII: RSV-Related Recurrent Wheeze and Asthma

Louis Bont and Heather Zar

12:00 - 12:10	Session Introduction: Identifying Gaps and Aims of Session Louis Bont and Heather Zar
12:10 - 12:30	The Role of RSV on Recurrent Wheeze and Later Asthma Among Children Born Preterm Renato Stein
12:30 - 12:50	RSV Infection and Asthma – Evidence from Observational Studies Tina Hartert
12:50 - 13:10	Trial Evidence Eric Simoes
13:10 - 13:30	Interactive Panel Discussion with the Speakers

Lunch

13:30 - 14:30	Lunch Buffet Mövenpick Ambassador Hotel at Poolside Terrace
---------------	---

Session VIII: RSV Developing World Perspectives

James Nokes and Alex Dadoo

14:30 - 14:45	Session Introduction: Identifying Gaps and Aims of Session James Nokes
14:45 - 15:00	Vaccine Trials in LMICs – Successes and Challenges (not just an RSV issues – but should be relevant to RSV vaccines) Clare Cutland
15:00 - 15:15	Modeling Vaccination Strategies and Cost-Effectiveness Analysis in LMIC Setting Tim Kinyanjui (Kenyan, University of Manchester)
15:15 - 15:30	RSV GOLD – Global RSV Mortality, Community Deaths and the Challenges for LMICs Natalie Mazur
15:30 - 15:45	Regulatory Issues Alex Dadoo, Ghana Standards Authority, African Medicines Harmonization Initiative
15:45 – 16:00	Perspective of Policy Makers about RSV Vaccines and Implementation Issues Collins Tabu, Kenyan National Vaccines and Immunization Programme, Ministry of Health
16:00 – 16:20	Interactive Panel Discussion with the Speakers
RSV'19 Closing	
16:20 - 16:30	Announcement Winner Early Career Researchers' Tournament Yvette Löwensteyn
16:30 - 16:45	Closing Remarks Louis Bont and Leyla Kragten-Tabatabaie on behalf of The ReSViNET Foundation
