

HIGH-LEVEL EXPERT MEETING

ON RSV THERAPEUTICS

PROGRAMME & DIRECTIONS

DATE 20 & 21 JANUARY 2015

LOCATION ZEIST, THE NETHERLANDS

INFO info@resvinet.org

info@resvinet.org | www.resvinet.org

WELCOME

Dear all,

It is our great pleasure to welcome you, on behalf of all the board members of ReSViNET, to the 1st Global High-level Expert Meeting on RSV Therapeutics.

During the meeting you will meet our RSV experts and scientist but also experts from EMA and PEI to introduce you to the regulatory landscape in Europe. Our goal is to share knowledge and stimulating discussions of the opportunities for future international collaboration and achievement in our field.

Slot Zeist, built in the seventeenth century, has been chosen as the venue, which offers first class facilities and the elegantly styled rooms are designed to reflect the era of its time.

We have no doubt that your enthusiasm, your scientific interest and your willingness to establish partnerships between experts, scientist and industry will make this 1st global meeting on RSV Therapeutics a great success.

Thank you for making this possible and we look forward to see you all in January.

Kind regards,

Louis Bont

Chairman ReSViNET

Leyla Kragten-Tabatabaie

Client Relations Manager ReSViNET

RESVINET BOARDMEMBERS

MEET THE BOARD

LOUIS BONT
UNIVERSITY MEDICAL CENTER
UTRECHT, UTRECHT, THE

HOSPITAL CLÍNICO UNIVERSITARIO DE
SANTIAGO DE COMPOSTELA,
UNIVERSITY OF SANTIAGO,
SPAIN

VENUE LOCATIONS | FIGI | SLOT ZEIST

Slot Zeist

FIGI, ZEIST

We would kindly suggest the meeting participants to book their hotel accommodation with the FIGI Hotel in Zeist (www.figi.nl).

HISTORY

The basis for the FIGI was laid in 1850, with the opening of a pastry shop by a man called Ludwig, coming from Wunsche, Germany. In 1902 George Figi took over this pastry shop and expanded it from a shop and tearoom called FIGI.

In 1909 the company moved to the central square, where it still resides today. In 1917 FIGI came into the hands of the Ruijs family, who added the hotel and the concert hall.

Nowadays, FIGI offers a wide range of cultural, culinary, conference and accommodation facilities: a theater and cinema, hotel, restaurants and numerous meeting and conference rooms.

If you have any questions concerning your stay, please contact the venue.

SLOT (CASTLE) ZEIST

The meeting will be held in Slot Zeist. A walk from the contemporary Hotel Theater FIGI to the baroque Slot Zeist from 1677 takes only five minutes.

HISTORY

Slot (the Dutch word for Castle) Zeist has been build in the 17th century as a retreat to William Adriaan van Nassau. It has been designed by architect Jacobus Roman, who also designed the Dutch royal palace (Palace 't Loo).

The castle is flanked by the Brother- and Sister Squares (Broeder- and Zusterplein) which historically belonged to the lay brothers and sisters.

Julius Clinical's headquarters is currently situated in the Brother Square (Broederplein).

DIRECTIONS TO VENUE LOCATIONS

FROM SCHIPHOL (AIRPORT) BY TRAIN AND BUS

Take the train to **Utrecht Centraal**. From there, take **bus 51** (direction: Driebergen Rijsenburg) and exit at the stop '**Het Rond/Lageweg**'. (the purple dot on the map below)

FROM SCHIPHOL (AIRPORT) BY TAXI*

From Schiphol Airport, you can arrange a taxi beforehand to take you to Zeist, either to the Figi Hotel or Slot Zeist. There are several options available for you, and you can also book a taxi to take you back to Schiphol after the meeting.

You can order a taxi in advance here:

<https://www.schipholbusnesstaxi.nl/en/>

Schiphol also offers an mobile app to keep track of your flight information and book taxi's, if you so desire.

*Please note that taxi rates are quite high in the Netherlands.

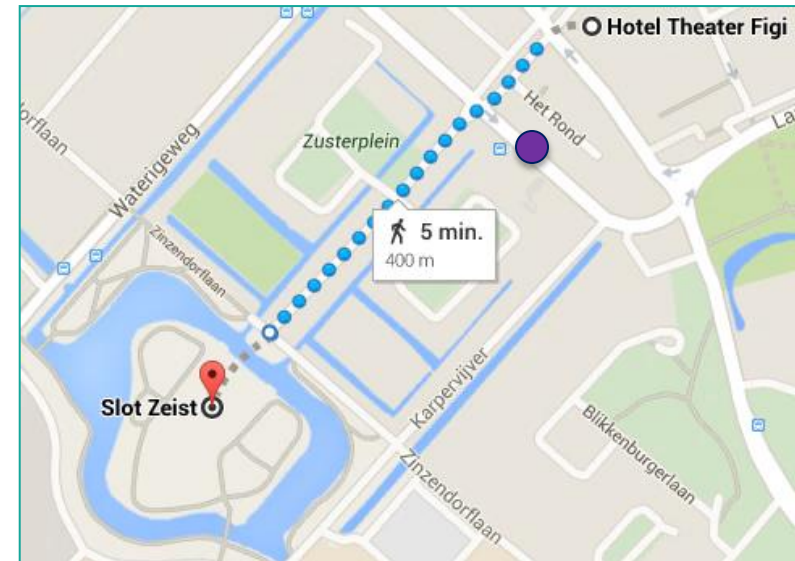

ABOUT ZEIST

Zeist is located in the heart of the Netherlands, nearby Utrecht. Slot Zeist is situated at the beginning of the Slotlaan, the main shopping street of Zeist.

Entering Zeist, blue signs indicate parking routes and cream coloured signs indicate destinations such as Slot Zeist and Hotel Theater Figi.

Both are within walking distance of each other and can be reached using the same traffic approaches.

DAY 1, JANUARY 20

18:30	Dinner: Presentation: De maakbaarheid van succes	<i>Maarten van der Weijden (Olympic Champion)</i>
	RSV infection: The burden of disease in children – the need for prevention	<i>Harish Nair</i>

DAY 2, JANUARY 21

09:00	Welcome by the Chairman, Introducing ReSViNET	<i>Louis Bont</i>
-------	---	-------------------

Session 1: RSV Epidemiology

9:15-9:35	Current management of RSV, new insights and unmet needs	<i>Octavio Ramilo</i>
9:35-9:55	Life-threatening RSV bronchiolitis – the need for treatment	<i>Fernando Polack</i>
9:55-10:15	Premature infants and RSV infection	<i>Eugenio Baraldi</i>
	Coffee/Tea Break	
11:00-11:20	RSV transmission within families: comparing European and African data	<i>Terho Heikkinen</i>
11:20-11:40	RSV-related bronchiolitis, wheeze and asthma: does it matter for RSV therapeutics?	<i>Renato Stein</i>

Lunch

Session 2: RSV Therapeutics and Trials

13:00-13:20	Other viruses: evidence for interaction?	<i>Nikolaos Papadopoulos</i>
13:20-13:50	Introducing EMA to the RSV Research community	<i>Marco Cavaleri / Eric Pelfrene</i>
13:50-14:20	Introducing PEI to the RSV Research community	<i>Bettina Klug</i>
14:20-14:50	The roadmap of clinical trial approval in Europe	<i>Edna Venneker</i>
14:50-15:20	Population – Intervention – Comparison – Outcome (PICO) <ul style="list-style-type: none">o Analysis of published trials and registered trialso Pros and cons of different outcomes	<i>Federico Martinon Torres</i>

Coffee/Tea Break

Session 3: Innovative Trial Design for RSV Therapeutics

16:00	Innovative Trial Design for phase 3 trials: can we go faster, cheaper and still getting enough information	<i>Diederick E. Grobbee</i>
17:15	Chair's closing statement	<i>Louis Bont</i>

*After each session there is room for discussion
